Presently We have two ongoing projects and some local clients sales and services works. We are ready to work in MP state major cities and tehsil areas as we have a civil court Router installation work and for which we are having site engineer who can relocate to the near by locations and work for us tehsil .

Our Projects:

1.IOCL System Up-gradation work–We got this project from our client Minitek systems India Pvt. Ltd. Pune (MH) We have covers IOCL plants and Head office in MP Stated multiple locations and work is to upgrade OS from Win XP/7 to Win 8 with complete profile setup and data backup.

2.KPTL Site Survey and CCTV Installation -We got this project from our client Sun Shine info Solutions Pvt. Ltd. Ahmadabad (GJ) We have done the installation of CCTV cameras of KPTL open space power stations and ware houses for which we have done the survey for CCTV camera Installation we have covered the 14 locations of MP, UP and CG States.

3.Lotus Park Building CCTV Installation -We are direct vendor of Lotus Parks AAKSM Build and Corp. We have done the installation of CCTV cameras in a multi story apartment with a dedicated surveillance office also installed the wall barrier for the security of building campus.

4.MP State Civil Court Router Installation and Networking -We got this project from our client Aurionpro jaipur (RJ) We are doing the installation of Techroutes routers to the various tehsil location civil Courts of MP state we have covered the multiple locations in MP and project is still in process and we are supposed to do about 160 locations of MP.

5.PNB System migration Work –We have got this project from our client MAA TrikutaInfo System UP. We have to migrate the PNB multiple branch in MP State in the work we have done migration of desktop computers and connect to the centralized domain with complete profile setup and data backup.

And we have some personnel user work of small city based offices and organizations work of IT services

And many more…….
